Resending to everyone. As long as there is going to be an attachment, we should make sure it covers everyone's concerns

Wayne

I found this version you sent. I believe this is the attachment you were referring to in the joint letter. Do you want to forward this attachment or should I?

Carolyn

Wayne,

I plotted some proposed well locations in addition to those proposed by AF on the meeting slides from last week. The pdf includes the maps showing the current NAPL and dissolved benzene concentrations for each zone followed by the proposed well locations. The WORD file was too large to e-mail so it only includes the well location maps so you can move the proposed ADEQ well locations around and/or add others if you want.
